

## NO.4 flap disc

Brand : OEM  
 Size : 4"  
 Material: Ceramic  
 Application : Metal/stainless steel

OEM Grinding Wheel

Brand : OEM  
 Size : 100mm ,115mm,125mm,150mm 180mm  
 Material: Zirconia Corundum  
 Application : Grinding pipe, curved/plain surface of stainless steel, ordinary metal, wood, plastic, etc.

OEM

Brand : OEM  
 Size : 4.5"5"  
 Material : Aluminum Oxide  
 Application : For all metal work; Aggressive cut and long life; Less pressure for aggressive stock removal and long life

OEM

Brand : OEM  
 Size : 4" 4.5" 5"  
 Material: Aluminium Oxide, Zirconia Alumina, Fused Aluminium Oxide  
 Application : The grinding of iron and non-ferrous metals, stainless steel, stone and plastic, as well as the grinding of welds, weld scars, and flash burrs of stamping parts, can be interchanged with resin cymbal grinding wheels.

OEM Plastic Back

Brand : OEM  
 material : Calcined Alumina  
 size : 100mm ,115mm,125mm,150mm 180mm  
 application : Grinding pipe, curved/plain surface of stainless steel, ordinary metal, wood, plastic ,etc.

## NO.5 fiber disc

Brand Name : OEM  
 Size: 4.5" 115mm  
 Material: Aluminium Oxide  
 Feature : Long Life High Performance

OEM

Brand : OEM  
 Material : Zirconium Oxide  
 Size : Existing or customized  
 Usage : Metal steel

OEM SDAF6150

Brand : OEM  
 Size : 4" 4.5" 5"  
 Material: Aluminium Oxide, Zirconia Alumina, Fused Aluminium Oxide  
 Application : The grinding of iron and non-ferrous metals, stainless steel, stone and plastic, as well as the grinding of welds, weld scars, and flash burrs of stamping parts, can be interchanged with resin cymbal grinding wheels.

OEM Plastic Back

Brand : OEM  
 Material: Silicon Carbide  
 Size : Existing or customized  
 Usage : Metal steel

OEM SDAF6150

Brand : 3M  
 OEM : Accept  
 size : 100mm 125mm 180mm  
 Material : Aluminum Oxide  
 Application : Deburring, Grinding
